Overview of the Organization

buildOn is a not for profit organization working to break the cycle of poverty, illiteracy and low expectations through service and education. buildOn runs intensive community service and service learning programs in 44 high schools across the U.S. and empowers youth to contribute direct service to their communities – working with senior citizens, the homeless population and younger children. Through buildOn, students learn to see themselves as the solution, not the problem. They elevate expectations for their communities and themselves. And they develop the character, grit and determination they need to succeed. **97% of buildOn students in the U.S. not only graduate from high school, they go on to college!** These same students help build schools in some of the economically poorest countries in the world, bringing access to education to hundreds of communities. buildOn students have contributed more than 1.9 million hours of service in the U.S., and have helped build more than 1,100 schools in Burkina Faso, Haiti, Nepal, Nicaragua, Malawi, Mali, and Senegal.
